

PHIGHT BACK AGAINST PHISHING

**Does it link to sites
with slight
misspellings?**

(Goggle, Mirrosoft)

**If so,
don't reply**

**Is it sent from
a public email
address?**

**(Gmail, Yahoo,
Hotmail)**

**If so,
don't click the link**

**Does it have
an attachment?**

**If so,
don't download
or open it.**

**Does it request
personal
information?**

**(User name,
password, phone)**

**If so,
don't reply**

**When you mouse
over the link, does it
seem suspicious?**

**If so,
don't click the link**

**Does it sound
urgent?**

**(Your password
expires in 24 hours!)**

**If so,
don't click or reply**
